YOUNG IDEAS IN BOSTON.

A teacher had been reading to her young pupils an account of a man who had lived for some years upon the frontier. When the story was re-produced by the child, to her surprise it rend that he lived for some years

on his front ear." Another teacher read that a gentle-man "had occupied for some time a fine country seat." Upon asking the children what was meant by a "coun-try seat," a dead silence reigned till one little fellow said he thought he knew and to the country to the

knew, and to the inquiry of the teacher replied, "A milking stool!"
Still another had been reading to her pupils shout the rain. One, being asked to write a little story about the rain, after declaring his inability to do so, produced the following: "What does the rain say to the dust? I am on to you and your name is mud."-Boston Transcript.

It has been found that perhaps the main reason why tuberculosis advances so rapidly at Hoagkong is that in most ases it is complicated with malaria.
